Windows Key Shortcuts

The **Windows (Win) key** is your fastest path to core system functions. Hold it and press another key to instantly access tools you use every day.

Win

Open Start Menu

Win + D

Show Desktop
(minimize all)

Win + E

Open File Explorer

Win + I

Open Settings

Win + L

Lock Computer

Win + R

Open Run
Command

Win + Tab

View All Open
Windows

Win + V

Open Clipboard
History

Win + Shift + S

Take Screenshot

Win + PrtSc

Save Screenshot
Automatically

Win + G

Open Xbox Game
Bar (Screen
Recording)

General Keyboard Shortcuts

These **Ctrl-based shortcuts** work across almost every application — email, Word, PDFs, and more. They are the foundation of efficient computer use.

Editing

- **Ctrl + A** — Select All
- **Ctrl + C / X / V** — Copy / Cut / Paste
- **Ctrl + Shift + V** — Paste Without Formatting
- **Ctrl + Z / Y** — Undo / Redo

File & Text

- **Ctrl + S** — Save
- **Ctrl + P** — Print
- **Ctrl + N** — New File/Window
- **Ctrl + O** — Open File
- **Ctrl + B** — Bold

Search & Zoom

- **Ctrl + F** — Find
- **Ctrl + H** — Replace
- **Ctrl + K** — Insert Link
- **Ctrl + Mouse Scroll** — Zoom In/Out

Browser Shortcuts (Chrome & Edge)

Recruiters live in the browser. These shortcuts keep you moving between tabs, profiles, and searches without ever reaching for the mouse.

Ctrl + T / W

New Tab / Close
Tab

Ctrl + Shift + T

Reopen Closed Tab

Ctrl + Tab / Shift
+ Tab

Next / Previous
Tab

Ctrl + L

Jump to Address
Bar

Ctrl + D / H / J

Bookmark /
History /
Downloads

Ctrl + R / Shift +
R

Refresh / Hard
Refresh

Ctrl + + / - / O

Zoom In / Out /
Reset

Ctrl + Shift + N

Open Incognito
Window

Window Management

Stay in control of your workspace. These shortcuts let you switch apps, close windows, and troubleshoot issues in seconds.

Alt + Tab

Switch between open applications instantly — hold Alt and tap Tab to cycle through windows.

Alt + F4

Close the current window or application. Use with caution — unsaved work may be lost.

Ctrl + Shift + Esc

Open Task Manager directly — faster than Ctrl + Alt + Delete for checking running processes.

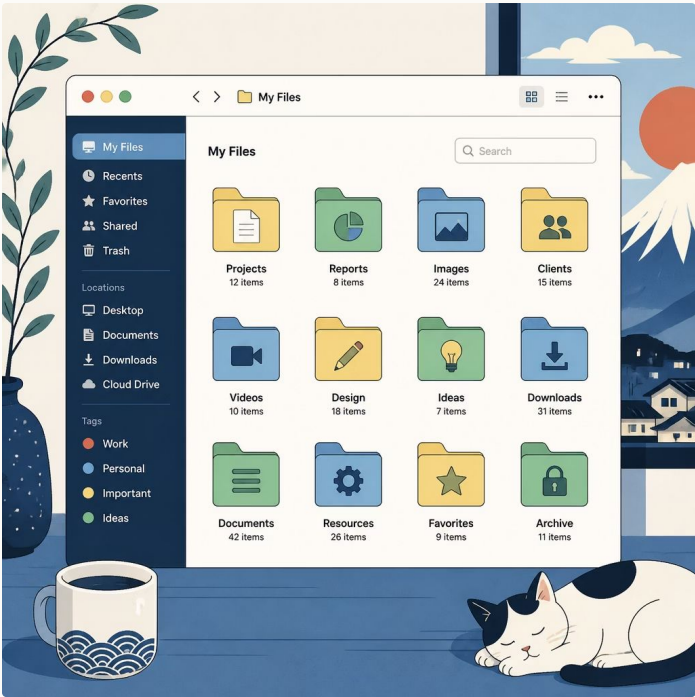

Ctrl + Alt + Delete

Access security options: lock, sign out, switch user, or open Task Manager.

File Explorer Shortcuts

Managing files and folders is a daily task for recruiters – resumes, offer letters, candidate documents. These shortcuts keep file operations fast and clean.

 **Pro Tip:** Use **Shift + Delete** carefully – files deleted this way cannot be recovered from the Recycle Bin.

F2	F5	Delete	Shift + Delete
Rename File or Folder	Refresh View	Send to Recycle Bin	Permanently Delete (bypass Recycle Bin)

Excel & Google Sheets Shortcuts

When working with candidate trackers, payroll sheets, or reporting data, these shortcuts will dramatically speed up your navigation and data selection.

Ctrl + Arrow Keys

Jump to the edge of a data region – instantly move to the last filled cell in any direction.

Ctrl + Shift + Arrow Keys

Select a continuous range of data – ideal for highlighting entire columns or rows quickly.

Ctrl + Home / End

Jump to cell A1 (Home) or the last used cell in the sheet (End).

Alt + =

AutoSum – instantly insert a SUM formula for the selected range above or to the left.

Video Call Shortcuts

Stay polished and professional during client calls and internal meetings. Mute, unmute, and share your screen without fumbling for on-screen buttons.

Google Meet

Ctrl + D

Mute / Unmute
Microphone

Ctrl + E

Turn Camera On / Off

Zoom

Alt + A

Mute / Unmute Microphone

Alt + V

Turn Camera On / Off

Alt + S

Share Screen

Quick Reference: Top 10 Must-Know Shortcuts

If you only memorize a handful, make it these. They cover the most common daily tasks for recruiters.

01

Ctrl + C / V

Copy and Paste — the most used shortcut, period.

02

Ctrl + Z

Undo — your safety net for any mistake.

03

Ctrl + F

Find — search any document, email, or webpage instantly.

04

Alt + Tab

Switch apps — navigate your workspace without the mouse.

05

Win + L

Lock your screen — essential when stepping away from your desk.

06

Ctrl + Shift + T

Reopen a closed tab — recover accidentally closed pages.

07

Win + Shift + S

Screenshot — capture and share information quickly.

08

Ctrl + T

New browser tab — stay in your flow while researching.

09

F2

Rename files — organize resumes and documents efficiently.

10

Ctrl + S

Save — protect your work before it's too late.

Key Takeaways

Shortcuts are a skill built over time. Start with **3–5 shortcuts per week** and practice them until they become muscle memory.

✓ **Remember:** Every second saved on a shortcut adds up to hours reclaimed each week.

→ Start Small

Pick the top 5 from this guide and use them daily.

→ Practice Consistently

Repetition turns conscious effort into instinct.

→ Expand Gradually

Once comfortable, add browser and Excel shortcuts to your toolkit.
